97.1%
Facility Size
842,035 sq ft
Type of Operation
Information Technology & Business Services
Project Overview
HCLTech has gone through major positive changes while pursuing TRUE certification, including kickstarting initiatives around sustainable gifts, recyclable packaging, developing an upcycling program, and more. These programs and initiatives have fostered a culture of waste reduction at the micro level. Our engagement and discussions with other stakeholders, such as vendors, the procurement team, and internal stakeholders, were very helpful in creating a zero waste culture.
