

Multiple buildings. One zero waste strategy.

TRUE for PORTFOLIOS

Achieve zero waste goals across multiple buildings simultaneously. The TRUE process for portfolios is a pathway built for global scale and aligned with the standards that matter most to your stakeholders.

With a streamlined documentation submission and review process, the portfolio approach leverages similarities across multiple buildings to create an efficient, scalable way to validate and showcase your zero-waste achievements.

555 California Vornado Realty Trust | TRUE Certified |
San Francisco, CA, U.S.

THE TRUSTED STANDARD FOR ZERO WASTE REPORTING AND CERTIFICATION

13+ Years of Market Leadership	Globally Applicable Everywhere	3 rd -party Reviewed	Credible With Investors	Proven Risk Protection
--------------------------------	--------------------------------	---------------------------------	-------------------------	------------------------

SCALE YOUR ZERO WASTE IMPACT

Multiply your efforts across properties, demonstrating enterprise-wide environmental leadership.

CERTIFY MULTIPLE PROJECTS FASTER

Reduce administrative work with coordinated implementation, shared resources, and economies of scale.

UNLOCK VOLUME DISCOUNTS

Lower per-building costs with reduced registration and certification fees.

The certification process

Portfolio eligibility
